

Different vascular geometries → different signal fingerprints (SO<sub>2</sub> = 70%, T<sub>2</sub> = 80 ms fixed)

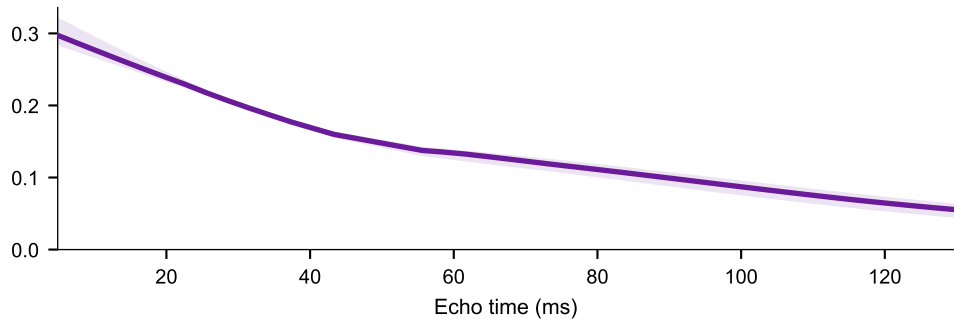

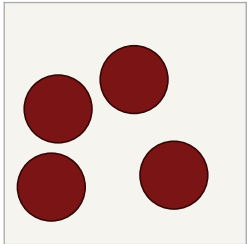

Low CBV, small vessels  
(CBV = 2%, R = 5 μm)

High CBV, small vessels  
(CBV = 12%, R = 5 μm)

Low CBV, large vessels  
(CBV = 4%, R = 20 μm)

High CBV, large vessels  
(CBV = 12%, R = 20 μm)
